Hope’s In Style

ON SATURDAY, MARCH 1, more than 300 guests attended the “Hope’s in Style” fashion show at the Garlands Performing Arts Center. This is the second year that the fashion show was held. Hope’s in Style raises money to build homes for families living in squalid conditions in the Guatemala City dump.

The year’s event raised more than $20,000, and event leaders Courtney and Ashley Quigley say that these funds will be enough to build two homes for families in need. “The support we have been given from the community is amazing,” said Courtney a current senior at BHS. “One of the highlights this year was seeing all the younger students and high school peers that showed up to support ‘Hope’s in Style.’ I really love seeing younger students passionate and excited about helping others. It reminds me how inspiring hope is for people of all ages.” Later this summer, Courtney and others will be traveling to Guatemala to work on building the new homes under the guidance of Potter’s House. If you are interested in participating in the trip, email Hopesinstyle@yahoo.com, or Courtney at quigleycourtney@yahoo.com. For more information, visit www.hopesinstyle.com.

Harper College Receives $1 Million Gift

Harper College Hosted a special reception on Wednesday, March 12 for Inverness residents Rita and John Canning who donated $1 million to the school. This is the first seven-figure donation in Harper’s 47-year history, and it will benefit the Rita and John Canning Women’s Program, which provides educational support, resources, and the opportunity for a fresh start to single parents, displaced homemakers, and others – many of whom are survivors of domestic violence. “We strongly believe in empowering women to soar to great heights,” Rita Canning said. “We’re inspired by the countless number of courageous women, many in their darkest moments, who have turned to Harper College to start on a new path. By offering the support, resources, and often the confidence they need, the Women’s Program impacts the lives of women and their families in a truly meaningful way.” Harper College will name its future One Stop Student Center after the Cannings to recognize their generosity and longtime support. The student center is scheduled to open in 2017 and will consolidate the college’s admissions, registrar, financial aid, and business offices, making it easier and more convenient for students to enroll. For more information about the Women’s Program, visit www.goforward.harpercollege.edu/services/advising/womensprogram/.
